

Floods 2020 !!

Floods-2020 largely impacted Jajpur District

- Around 1.4 million people of 3256 villages under 896 GPs in 112 blocks of 20 districts are hugely affected.
- Jajpur district is the worst hit - 75, 737 hectares of farmland got submerged and under sand-cast in the floodwater.
- In Bari block, 13 out of 29 flood affected GPs are still fighting to stay safe.
- 4,000 hectare of farmland submerged

Bari Block Stands amidst Critical Issues & Challenges

- Resources of water - hand pumps, dug wells and ponds and tanks are contaminated by flood water;
- Drinking water for people is need of the hour
- There is every possibility of spreading waterborne diseases due to water contamination;
- Villages have become the breeding grounds for mosquitoes to spread malaria and dengue.

Relief Nodes : Points of Coordination

Flood Relief operation Nodes set up in three different villages of Bari block are fully managed by the NYP volunteers. The coordination work of sanitation and disinfection drive and running of health check-up camps on day to day basis are being coordinated by the relief Nodes.

Node.1

Node.2

Node. 3

CYSD in association with like minded civil society organisations /NGOs such as *Abhiyan, Amrut Global Network and Gopabandhu Ramadevi Ashram* has set up the Nodes.

Our Response to Floods

- A total of 28 dug wells/tube wells of the above villages were fully disinfected administering bleaching powder. Also, Halogen tablets were distributed to 125 needy families there.
- 900 people including volunteers and local youth deployed in sanitation and disinfection drive and some poor and destitute people engaged in repairing their damaged houses were served with cooked food undertaking separate community kitchen at Mandari, Ratnagiri and Serpur Panchayats.

Sanitation and Disinfection Drive

On 8th September morning, Sanitation and Disinfection drive was undertaken engaging around 100 lead volunteers in 3 Panchayats of Mandari, Serpur and Ratnagiri under Bari block.

- Internal village connecting roads and lanes of Jena Sahi and Malika Sahi of Krushnagar village, Sethi Sahi of Meduakula village, Dalei Sahi of Barhampur village and Mala Sahi were cleaned and sanitized using bleaching powder with the support of local youth and SHG members.
- One fully damaged earthen and thatched house was repaired by the volunteers.

Health Check-up Camp

Following the sanitation and disinfection drive, in second day, CYSD had organised a Health Check-up camp in Meduakula village of Mandari GP in Bari block to deal with the health issues. A total of 201 patients (117male and 84 female) were treated for upper respiratory tract infection (25.87%), Muscular skeletal Disorder (23.38%), Gastrointestinal disorder (12.93%), Skin infection General (13.43%), Worm infestation (5.4 %), suspected for COVID-19 (14.92%), Geriatric Disorders (4.47%), 3 mentally disorder cases, 3 dental illness, 7 eye and ear infection, one peptic, 43 Geriatric cases and 19 adolescents. Mostly, patients were treated for pandemic flu with other MCD, Hypertension, Diabetes and CVD. Around 24 local volunteers supported the health check-up team for smooth functioning of the camp following the COVID guidelines.
