

Floods 2020 !!

Post Floods Tragic Situation in Jajpur District

- Nearly 1.4 million people of 3256 villages under 896 GPs in 112 blocks of 20 districts are hugely affected in Odisha..
- Jajpur district is the worst hit - 75, 737 hectares of farmland got submerged and under sand-cast in the floodwater.
- In Bari block, 13 out of 29 flood affected GPs are still fighting to stay safe.
- 4,000 hectare of farmland submerged

Bari Block People need drinking Water to Quench their Thirst

- Resources of water - hand pumps, dug wells and ponds and tanks are contaminated by flood water;
- Drinking water for people is need of the hour
- There is every possibility of spreading waterborne diseases due to water contamination;
- Villages have become the breeding grounds for mosquitoes to spread malaria and dengue.

Efforts of NGO Coordination

The NGO Coordination of Jajpur district led by Abhiyan, GRD Ashram and Amrut Global Network is continuously following with the Bari Block Administration and expediting the delivery of entitlements like 50 Kg of rice with dal and Rs. 500/- to the floods victims at this critical hours.

Our Response to Floods

Sanitation and Disinfection Drive

On 12th Sept, a mega sanitation and disinfection camp was undertaken in 5 villages of Ratalang Panchayat of Bari Block. More than 100 youth have joined the flood response team and cleaned the village roads, lanes and debris dumps and disinfected the areas.

Around 22 drinking water resources like tube-wells and open wells were disinfected administering bleaching powder and halogen tabs supplied by the Block administration.

Besides, 5 bathe ponds were disinfected for public use applying bleaching powder provided by the Block Office of Bari..

Dry Food Ration & Drinking Water Distribution

As the precautionary measure to break the spread of Coronavirus, 200 people of Ratnagiri, Patana, Routsahi, Kharimunda, Alibad, Malasahi and Dimiriapal villages under Ratnagiri GP were provided with masks. Similarly, potable water bottles were distributed to those people to address temporary drinking water crisis.

Health Check-up Camp

On 12 th Sept, CYSD organised a mega Health Check-up Camp for the victims of Ratnagiri Panchayat partnering with Humanitarian Aid International (HAI). A total of 202 patients were treated and provided with medicines free of cost. The health camp witnessed participation of more women (65%) than men. Most of the patients were reported of suffering from common cold, cough, fever, skin infection and eye irritation. However, the major diseases treated were, like upper respiratory tract infection, Muscular skeletal disorder, Gastrointestinal disorders, like Acid peptic Disease, Anorexia, Diarrhoea and dysentery, Skin infection such as pruritus, fluconazole paronychia & eczema, worm infestation, suspected case of COVID-19,. Avitaminosis like anaemia, xerosis, angular stomatitis etc, Geriatric Disorders, dental disorder, eye and ear infection cases. Besides, the NYP volunteers engaged for the camp management also sensitized the patients on how to take precautionary measures towards fighting Corona.
